

## **Quality Policy Statement**

Stone Group deploys and supports market leading technologies that help great people do remarkable things; whether improving the health, education and quality of life for citizens or transforming businesses creating greater productivity and value.

Quality is at the heart of everything we do and as a team we are committed to the maintenance of an effective Quality Management System; which ensures a high level of customer focus, the ability to provide products and services which are reliable and meet or exceed all applicable requirements.

The Quality Management System shall meet as a minimum the requirements of BS EN ISO 9001: 2015 and recognised certification to this standard will be maintained.

The Group shall strive at all times, to continually improve in all aspects of its business activities, which shall be achieved through regular review by its senior management of performance data.

The Quality Management System shall facilitate processes for the capture of customer feedback, satisfaction levels, product and service performance; in order that senior management can determine objectives for achievement by the organisation.

The senior management team shall be responsible for the effective implementation and progression of the Quality Management System. They shall ensure adequate resources, competency levels and staff adherence to requirements are maintained, in order to meet objectives.

All staff shall adhere to the requirements of the Quality Management System.

For and on behalf of the board of directors.
