

## BOAMOT-464 - Stone / MSI H81M-P33 - Motherboard Manual

---

### Product manual and Specification Highlights

Please see the attached motherboard manual for the MSI H81M-P33 - BOAMOT-464.

**Addendum:** The manual on page 24 refers to the JUSB\_PW1 and JUSB\_PW2 jumpers. The diagram in the manual incorrectly shows the jumpers being removed to enable wake from USB or PS/2. The jumpers should instead be refitted in the 2-3 position. The attached article shows more.

Product specification:

- H81 chipset.
- Socket 1150 supporting 22nm processor technology (Haswell).
- 1 x 16x PCIe 3.0 Slot (16x Electrical)..
- 1 x 1x PCIe 2.0 Slot.
- USB 3.0 Intel Controller (rear ports only)
- Micro-ATX
- 4 SATA 6GB/sec ports.
- 2 Memory sockets - maximum 16GB RAM.
- TPM connector (The TPM module is an optional accessory).
- VGA and DVI-D.

This product only supports socket 1150 (Haswell) processors. It does **not** support socket 1155 processors (Sandybridge or Ivybridge).

**Also Note:** This product has no Windows XP or Windows Vista driver support.

Applies to:

- BOAMOT-464 - Stone / MSI H81M-P33
